

ISO Congress 2013

Please find below a few statistics from Germany:

- The unemployment rate is 7,1 % (3.020.272 Mio.) Which is 0,1 % more than in April 2012.
- Annual inflation rate 2012: 2,0 %
- Annual inflation rate 2013 so far: 1,45 %

Order situation of German shopfitting companies (according to the dlV)

Stable year 2012

The order situation is still good despite ongoing financial crisis.

Member companies of the German Retail Association were asked about the investment readiness of the trade. More than 50 % of the surveyed companies named "Textile and Shoes" in the first place. Followed by "Sports and Leisure" and the food retail sector
